1 Naturalmente que este trabalho não se pretende exaustivo. A base inicial foi retirada do livro de Harvey J. Kaye e Keith McClelland, *E. P. Thompson – critical perspectives*, citado em meu artigo. Alguma atualização foi tentada, mas é bastante difícil em se tratando de artigos e ensaios. A longa lista foi mantida com a idéia de apresentar uma visão panorâmica de alguns temas abordados por Thompson. Outro trabalho interessante é o de Bryan D. Palmer, *The making of E. P. Thompson: marxism, humanism and history*. Toronto, New Hogtown Press, 1981. Do mesmo autor também: *E. P. Thompson: objections and appositions*. Londres, Verso, 1974, que traz o levantamento de todos os artigos publicados por ocasião da morte de Thompson.

* Departamento de História da PUC-SP.

1981 – *A miséria da teoria*. Tradução de Waltensir Dutra. Rio de Janeiro, Zahar. Esta edição, em português, inclui apenas o artigo título que contém a polêmica com Althusser.

– Na edição inglesa há outros ensaios que estão citados na lista de artigos a seguir.

– Recentemente foi publicada em *Textos Didáticos*, n. 10, “As peculiaridades dos ingleses”. IFCH/Unicamp, maio de 1993, que faz parte desta Coletânea.
